Short Profile of ILM Founder Muhammad Usman Moon, ACA (Late)

ILM was founded in 2010 with the objective of supporting the education necessities of deprived children in Pakistan. ILM society is the brainchild of Mr. Usman Moon (Late), who not only laid the first brick of this society but also helped us in getting to where we stand today. He ensured the achievement of our mission statement in true spirits, both implicitly and explicitly.

Usman Moon, along with a group of friends started this journey by supporting the education needs of merely a couple of students. Since then, we never looked back. To date, we have established 3 modern schools along with scholarship disbursements to more than 350 deserving students over the past 7 years.
